

Identifying Ibanez Volume and Tone potentiometers

504072 is the volume pot. 500M, Linear "B style" (250M resistance at half turn).

504042 is the tone pot. 500M, Analog or Audio "A style".

The pots have 16 splines and the mounting shaft diameter is .311" or 7.9mm

The capacitor is a 50V .022

Prior to '76 the same identifying numbers were used but inked on rather than stamped.
